WASHINGTON, August 13.

THE CASE OF PRATT, THE TEXAS STEVEDORE.

To the surprise of Pratt, arrested in New York by the United States Commissioner, Stanbery, the celebrated ex-Attorney-General, under a writ of habeas corpus, had him, on the 10th, brought before the United States Circuit Court, Judge Nelson presiding, to show cause why he should not be discharged from custody. Pratt's counsel argued that the prisoner was held by the authority of the United States, and, therefore, could not be removed by a State writ from the jurisdiction of the United States Courts. Stanbery, on the other hand, contended that the prisoner was held by the authority of the State of Texas, and that the writ of habeas corpus, and not the writ of removal, was the proper process to be issued. The Attorney of the United States in the Southern District of New York, who was present, declared that he was not satisfied with the return of the Marshal, and that he would not be prepared to argue the case until he had seen the writ of removal, and had ascertained the decision of the Attorney-General.

APPLICATIONS FOR JUDGESHIPS.

The Attorney-General is receiving an immense number of applications for the new Judgeships created by the late Judiciary act. All recommend the adoption of the reform now and for future appointments.

THE PRESIDENT AND THE TEXAS POLITICIANS.

The President said to the Texas politicians who called upon him that he was willing to do all he could to give to the people of the State a Legislature that would properly apply the Reconstruction laws, but he could not consent to the removal of officers who had been appointed to fill vacancies or offices. He would not yet, so far as he knows, interfere with the action of the Governor in the matter.

BANKRUPTCY.

In the matter of the petition of Jacob Bach, in the Fort Dearborn Bankruptcy Court, Chicago, in which notice was given that the petitioner would apply to the United States Circuit Court to have certain debts that he owed discharged, Judge Drummond has decided that the petitioner must pay into the Court the money which he owes to the creditors, and that the Court will then order the discharge. The petitioner has refused to pay the money into Court, and has appealed to the Supreme Court.
